

Bleach 6%

Bleaching Agent

sovren

Product Information Sheet

Bleach 6% is a heavy-duty, yellow liquid with a characteristic chlorine odour, formulated to sanitise floors, remove stains and brighten white fabrics.

This powerful solution provides excellent disinfection against virulent organisms, including gram-negative rods that are increasingly resistant to conventional treatments.

FEATURES

- 6% Sodium Hypochlorite Formula
- Powerful Disinfectant Action
- Effective Against Virulent Organisms
- Heavy-Duty Cleaning Strength
- Removes Tough Stains
- Whitens and Brightens Fabrics
- Suitable for Floor Sanitisation
- Fast-Acting Chlorine-Based Formula
- Characteristic Chlorine Fragrance
- Commercial and Industrial Grade
- Ideal for Cleaning and Hygiene Programs

DIRECTIONS FOR USE

LIGHT: 1:100 – (10mL) per litre for general cleaning and spray and wipe applications.

MEDIUM: 1:50 – (20mL) per litre for kitchen cleaning and grease build up

HEAVY: 1/10 – (100mL) per litre for heavy duty cleaning and degreasing

Always follow the safety instructions on the product label
